

# Respect in School Certificate

Alberta 

I have a legal and moral obligation to act if I see or suspect maltreatment.

BAHD Behaviours are bullying, abuse, harassment, and discrimination and they are more about the impact than the intent.

If I see or hear about inappropriate behaviours, I will follow these three steps:  
Report, Support, Keep Kids Safe!

Being a positive role model can have a life-long impact on the young people in my care.

Be the School Leader whose name they will never forget and leave an impact on their life!
