Eliminate the effort of running a school lunch program

Lunch programs are time consuming to set up, manage, and administer. You can spend 5 hours/week – or more – handling every aspect of the process. With Lunchbox, you don't have to.

Lunchbox is the only full-service, online ordering solution that simplifies the entire process. Your program is managed from start to finish by a dedicated team that does it all for you.

Unmatched Benefits Worth Switching For

Save 5+ hours/week in program management

'Give a Lunch' program ensures all students can participate

Orders arrive labeled by student & organized by classroom

A way for schools to earn fundraising dollars for every item sold

Secure, contactless ordering & payment solution

Easy-to-use ordering for parents/guardians

Meals are nut-free, allergy-aware & meet nutritional guidelines

No registration or set up fees

Eco-friendly to meet your sustainability initiatives

Comprehensive program support

Additional Benefits for Schools Using SchoolCash

No account set up required

Parents/guardians log in with their existing SchoolCash Online credentials

No need to provide classroom information

SIS data is automatically reflected in Lunchbox which ensures order labeling & delivery accuracy

Boosts SchoolCash Online adoption

Many schools have seen their online adoption rates increase by 6% or more in just a few months

The way school lunch programs should work

How It Works

WE WORK WITH YOU TO SET UP THE PROGRAM

You choose the vendors, menu & days

PARENT/GUARDIAN ORDERS & PAYS VIA LUNCHBOX

Can order weekly, monthly or for the entire school year

ORDERS & LABELING REPORTS ARE EMAILED TO THE VENDOR AUTOMATICALLY

Delivery reports sent every Monday for the upcoming week

MEALS DELIVERED TO THE SCHOOL BY THE VENDOR

Vendors drop off orders at an established time

MEALS ARRIVE LABELED BY STUDENT & CLASSROOM

Organized for easy distribution to students

Give A Lunch

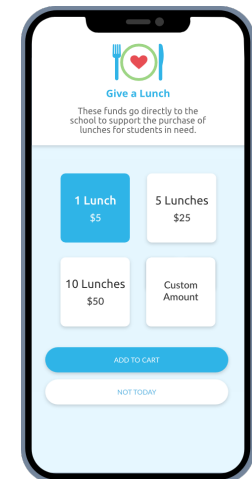

We know that equity and inclusivity is vitally important for your school community.

With 'Give a Lunch', parents/guardians can purchase lunches to help students in need – research suggests that 1-in-5 children are food insecure – and who would otherwise not be able to participate in your school's lunch program.

All contributions are placed in your 'Give A Lunch' account to be used exclusively to purchase lunches for those less fortunate students at your school.

With 'Give A Lunch', no child will feel left out because their parents/guardians can't afford to participate in Lunchbox.

Schools Love Lunchbox

We love how seamless and easy Lunchbox makes managing our lunch fundraising program for our PAC and volunteers. The Lunchbox team sends us a detailed delivery report of lunch orders at the beginning of each week and the food arrives organized by classroom and labelled by student order.

Parent Advisory Council Chair
Cedarvale Community School

Prior to getting set up with Lunchbox, the program was run by one parent on our School Council. It required huge amounts of planning and tracking, checking with the Healthy Food policy and procedure, and then orders arrived at the school needing school staff to hand it out, chase missing orders, etc. And we're a tiny school!

The switch to Lunchbox has been nothing short of phenomenal. We are in control of our days, the cost, the vendor and the time. Lunchbox takes everything else off the table. No scrambling to buy items on sale, finding parents to help, taking over the school kitchen, or dealing with forgotten orders. The meals arrive hot, on time, individually labelled and ready to go. And there is no hassle with money.

Principal
Oliver Stephens Public School

Our experience with the Lunchbox program has been a very positive one. Parents enjoy the variety of lunch options available to them and have enjoyed the convenience of the service. On the school's end, administratively, the Lunchbox Team has proven to be very efficient, helpful, and always available when any order issues occur, helping the school on the spot with a replacement meal. I do recommend this service to any school looking for hot lunch options for their school community.

Principal
St. Angela Merici

We're new to Lunchbox and have been so impressed with how seamless the transition from our old system has been. Implementation was easy as the Lunchbox team set up our vendors, provided menu options, and gave us pricing to review – they even helped to replace vendors when needed.

We are super excited to be working with Lunchbox and about being able to provide a variety of food options to our students.

Administrative Assistant II
Mitford School

Lunchbox is fantastic. The workload at the school level is minimal and the fundraising return to the school is unbelievable. The Lunchbox team provides end-to-end management, which has removed time-consuming, labour-intensive administrative tasks, such as counting money and organizing orders. We have had tremendous success this year and are looking forward to continued growth with the program.

Principal
Burnham Public School

By outsourcing our lunch program, our school has eliminated significant administrative effort, allowing us to refocus our staff on higher impact activities. Our teachers no longer have to collect cheques and envelopes full of cash and change, allowing them to devote more time to improving learning outcomes in the classroom.
