Honourable Adriana LaGrange
Minister of Health
Office of the Minister, Health
423 Legislature Building
10800 - 97 Avenue
Edmonton, AB T5K 2B6

Dear Minister LaGrange:

On Sunday, April 28th, the Alberta School Councils' Association (ASCA) held its Annual General Meeting (AGM) starting at 8:00 a.m. A total of 157 ASCA Member School Councils, acting on behalf of parents in their school communities, were represented for the majority of the 11.5-hour AGM. A complete copy of the approved Advocacy Policies has been sent to the Minister of Education, the Honourable Demetrios Nicolaides.

In addition, ASCA Members requested the Premier, you and Ministers whose portfolios intersect with education be made aware of some of these Advocacy Policies. Separate letters containing the Advocacy Policies relevant to each Ministry or Official will be sent to the following, cc'd to Minister Nicolaides:

The Honourable Danielle Smith, Premier;
The Honourable Dan Williams, Minister of Mental Health and Addiction;
The Honourable Pete Guthrie, Minister of Infrastructure;
The Honourable Ric McIver, Minister of Municipal Affairs.

Provincially, the ASCA Board and Executive appreciate the opportunity to provide the advice and feedback received from parents on Alberta's legislated school councils, with respect to new and ongoing Alberta Education initiatives and/or legislation/policies impacting education. We believe a collaborative process results in an enhanced education system focused on the learning success of all Alberta's students.

The ASCA Member adopted Advocacy Policy which include reference to the Minister of Health, which ASCA Members indicated verbally should also be brought to the attention of the Minister of Mental Health and Addiction, is:

P24-02 – Funding for More Assessments of Learning Disabilities

That the Alberta School Councils' Association (ASCA) advocates to the Minister of Education and the Minister of Health for new and targeted funding for increased availability of professionals to help diagnose learning disabilities and support neurodivergent children.

In addition, ASCA Members believe that as Minister of Health, you should be aware of this adopted Advocacy Policy. Should it be funded by the Government of Alberta, and implemented province-wide, it will have a positive impact on the health of Alberta's students, and by extension all families and communities in Alberta.

P24-03 – Improving Indoor Air Quality (IAQ) in Alberta Classrooms & Shared Environments

That the Alberta School Councils' Association (ASCA) advocates to the Minister of Education for increased funding for modern HVAC systems for health & learning (with air filtration and cooling systems) not only in new schools but retrofitted in older school buildings as well.

A summary of the results of all ten (10) Advocacy Resolutions presented to ASCA Members can be found on this page of the ASCA website: <https://www.albertaschoolcouncils.ca/about/annual-general-meeting/meeting-documents-2024> The 2024 Advocacy Policy Manual is currently being updated by ASCA and will be posted as soon as it is available. To find a copy of ASCA Advocacy Policies previously adopted, please visit our website at <https://www.albertaschoolcouncils.ca/about/the-parent-voice/advocacy> .

Your comments and feedback would be appreciated and will be shared with our Members. I am pleased to respond to any questions you may have and look forward to discussing these, and other, Advocacy Policies of our Association.

I look forward to hearing back from you, Minister LaGrange.

Kind Regards,

Kerry Bodell
President, Alberta School Councils' Association

Cc: Education Minister, Honourable Demetrios Nicolaidis; ASCA Board; Wendy Keiver, Executive Director, ASCA.
